## **Message from the Immediate Past President**

### **Dr Duminda Samarasinghe**

It is with immense gratitude that I write this message after completion of my tenure as the President of the Sri Lanka College of Paediatricians.

All activities during this year was conducted in keeping with the theme for the year, “Organise and collaborate for cost effective and meaningful care”.

Regional events were expanded from the usual one-day event to a two-day event to include sessions for nursing officers and midwives in addition to the usual one session for doctors. This is in order to support the healthcare work force other than doctors that could contribute to uplift the care provided to the children of Sri Lanka.

Every educational activity was transmitted live via zoom and later uploaded the recorded contents to the dedicated educational website of the SLCP, “The Light”. This enabled wide dissemination of knowledge by facilitating the busy clinician including those working in far away or peripheral locations, to access knowledge conveniently during their limited free time. The Light website is a purpose-designed to cater all categories of health staff. Not only that, but it also provides knowledge and skills to parents, and we believe that this approach is the best and the most cost-effective way to improve overall care that we provide to the children of Sri Lanka.

Another commendable initiative during the last year was minimising printing and shifting to online material. This initiative is not only cost effective and meaningful, but also environment friendly, making the SLCP a good example for others to follow.

The Annual Scientific Congress was moved out of the Colombo Metropolitan area to Monarch Imperial at Sri Jayewardenepura, a more spacious and an accessible location to enable wider participation. The Congress was conducted at a lower-than-expected cost while still offering educational opportunities to paediatricians, trainees, and the broader healthcare community, such as nutritionists and general practitioners. I am truly delighted to say that we received an unprecedented number of abstracts, and participants which made history for any local or international paediatric conference in Sri Lanka to date. By managing all activities in a cost-effective and meaningful way, we were able to generate a surplus of over 56 million from all educational activities including the Annual Congress (37 million) conducted during the past year. These funds will be utilised to strengthen future activities of the SLCP, with the ultimate goal of enhancing the quality of care provided to the children of Sri Lanka through College initiatives.

Over the past year, we were able to uphold the strong values of the predecessors and going even further proving that SLCP remains one of the leading organisations in the country. I believe that the concept of being cost-effective and meaningful will continue to guide us, and future generations of paediatricians will actively contribute to improving child health in Sri Lanka at every step.

Warm regards,

**Dr Duminda Samarasinghe**  
Past President 2024-25  
Sri Lanka College of Paediatricians

## The 27th Annual Scientific Congress of SLCP: "Organize and Collaborate for Cost-Effective and Meaningful Care"

The most awaited event on the academic calendar of the Sri Lanka College of Paediatricians (SLCP), the 27th Annual Scientific Congress, was held successfully from 8<sup>th</sup> to 10<sup>th</sup> May 2025 at the Monarch Imperial, Colombo. Under the leadership of SLCP's energetic President, Dr Duminda Samarasingha, the Organizing Committee succeeded in putting together a very interesting and clinically oriented scientific programme that appealed to the entire Paediatric Community of Sri Lanka. The Scientific Committee, led by Professor Guwani Liyanage, made sure that the attendees received the maximum benefit from the top-level local and international faculty who graced the congress.

The main congress was flanked by four workshops, including one for paediatric nurses. These workshops, featuring a highly qualified and experienced resource contingent, imparted invaluable knowledge on topics related to day-to-day paediatric practice.

The Scientific Congress featured three prestigious orations, guest lectures, plenaries, panel discussions, case-based discussions, and symposia covering a multitude of clinically relevant topics. A rapid-fire session on Paediatric Essentials and a Question & Answer Session on Paediatric Radiology kept the audience enthralled, while the Trainer-Trainee Dialogue offered invaluable insights for trainees hoping to secure overseas training. The free paper presentation sessions as well as poster presentations allowed researchers to unveil the results of their hard work.

The Congress was well-attended by Paediatricians, Paediatric Postgraduate Trainees, doctors and Family Practitioners with an interest in the field of child health. The number of participants was one that was an all-time high in the annals of the college. Their feedback, which was full of praise for the congress, was testimony to the quality and relevance of the content of the scientific programme.

The 27th Annual Scientific Congress of SLCP was a resounding success, bringing together enthusiastic medical professionals of several generations to update and share their knowledge within an enjoyable atmosphere.

# 27<sup>th</sup> Annual Scientific Congress 2025

## Pre-Congress Workshop on Neonatal and Paediatric Emergencies

This workshop was held on June 7<sup>th</sup>, 2025, at the UCFM Tower, Faculty of Medicine, University of Colombo. It covered most of the common paediatric and neonatal emergencies encountered in day-to-day clinical practice. The faculty comprised distinguished overseas and local consultants including Professor Simon Craig, Dr. Nalin Kitulwatte, Dr. Nalin Gamaathige, Dr. Sanjeewa Thennakoon, Dr. Kapilani Withanaarachchi, Dr. Shanthini Ganesan, Dr. Michael Janz, Dr. Sri Lal de Silva, Dr. Lalith Gamage, Dr. Wathsala Hathagoda, Dr. Samantha Deshapriya, Dr. Dinendra Siriwardhane, Professor Saraji Wijesekara, Dr. Amali Dalpatadu, Dr. Deshan Adihetty, Dr. Sham Weerasinghe, Dr. Anoma Abeygunawardana, and Dr. Nimesha Gamhewage. The workshop was well attended by enthusiastic medical professionals, including paediatric trainees. The workshop was coordinated by Dr Nimesha Gamhewage

## Pre-congress Workshop on Timely Recognition & Effective Management of Childhood Disorders

This workshop was held on June 8<sup>th</sup>, 2025, at the UCFM Tower, Faculty of Medicine, University of Colombo. The topics covered mainly included management of childhood neurological disorders, neuro-disability and neuro-rehabilitation. The participants had the opportunity to learn from many local and international experts including Dr Anirban Majumdar, Professor Megan Doherty, Professor Sameer Zuberi, Dr Jayathri Jagoda, Dr Gayatri Palat, Dr Ganganath Gunathilake, Dr Anuradha Kodippilli, Dr Chamidri Naotunna, Dr Sanjaya Fernando, Dr Priyanka Rupasinghe,

Professor Jithangi Wanigasinghe, Dr Thilina Munasinghe, Dr Vindya Gunasekera, Dr Nayomi Senarathne, Dr Chamara Jayathunga, Dr Pyara Ratnayake, Dr Dilini Vipulaguna, Dr Gayan Sampath, Professor Shenal Thalagahagoda, Dr Inoka Perera, Dr Dinesh Marasinghe, Dr Dhanushka Dassanayake, and Dr Dhammika Vidanagama. The workshop was coordinated by Dr Jagath Ranasinghe.

## Pre-Congress Workshop for Nurses

A workshop for paediatric nurses was held on May 28<sup>th</sup>, 2025, at the UCFM Tower, Faculty of Medicine, University of Colombo. This covered a broad range of topics relevant in paediatric nursing, delivered by a panel of experts in their relevant fields. The faculty included Prof. Pujitha Wickramasinge, Dr. Malithi Guruge, Dr. Kasun Jayasundara, Dr. Maheshaka Wijewardana, Dr. Anuradha Herath, Dr. S. Krishnapradeep, Dr. Asanga Rajapakshe and Mrs. K.D.A.P. Vidyarathna. This event also included a free-paper session for nurses to present their research findings. The workshop was well attended by nurses from all parts from the country. The workshop was coordinated by Dr Malithi Guruge

## Pre-Congress Workshop for Healthcare Assistants

A workshop for healthcare assistants was held on May 29<sup>th</sup>, 2025, at the New Auditorium, LRH. The faculty included Dr Indika Neluwa- Liyanage, Prof Indira Kitulwatta, Dr Dhanajaya Vithanage, Prof Manori Gamage, Dr Inoka Suraweera, Dr Mahen Kothalawala, Dr Sangeetha Wickramarathna and Dr Viraj Jayasingha. The workshop was coordinated by Dr Chamidri Naotunna.

Dr Bhiruntha Sivakanthan**

## Awards of the Congress 2025

Best PubMed or Scopus Indexed Research Publication by a Sri Lankan Paediatric Trainee 2025

**Dr Dilhara Senani Gamage**

Best High-Impact Research Publication by an Early Career (Young and Mid-life) Sri Lankan Paediatrician 2025

**Dr Meranthi Fernando**

DCH Gold Medal of 2024

**Dr Dula Nuwanthi Alwis**

## Awards of the Congress 2025

*Recipient of the coveted Lifetime Achievement Award  
Professor Sanath P. Lamabadusuriya*

During a special ritual at the Inauguration Ceremony of the 27<sup>th</sup> Annual Scientific Congress of the Sri Lanka College of Paediatricians, held on the 8<sup>th</sup> of June 2025, Professor Sanath Punsara Lamabadusuriya received the Lifetime Achievement Award and was automatically inducted as the very first honouree into the Sri Lanka College of Paediatricians Hall of Fame.

Born in 1942, he has excelled academically, securing numerous prestigious qualifications, including a PhD, a DSc, and UK fellowships, and received the MBE from Her Majesty, the late Queen Elizabeth II of the UK.

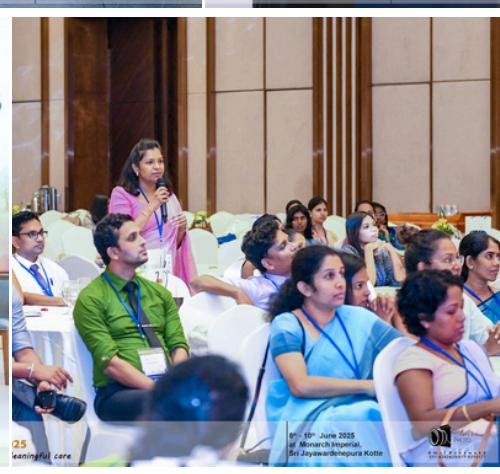

As the first Sri Lankan clinician to secure a PhD by research, he contributed extensively to Paediatrics, teaching for 56 years across multiple universities, and serving as Dean of the Faculty of Medicine, Colombo. He has published over 140 research articles, delivered numerous lectures, and held leadership positions such as President of the Sri Lanka Paediatric Association and President of the Asia Pacific Pediatric Association.

His dedication to child healthcare in Sri Lanka epitomizes absolute excellence, making him a totally deserving recipient of this prestigious honour.

### Bite-sized Learning

#### A Whistle-Stop Tour of Allergy

27<sup>th</sup> July, 2025 | 8.00 AM - 2.00 PM  
UCFM Tower, Faculty of Medicine, University of Colombo

Pre-Assessment MCQs		
0815 - 0830	Introduction to Allergy	Professor M T Krishna Chair of Allergy, Clinical Immunology and Global Health, University of Birmingham, UK
0830 - 0850	Laboratory Diagnosis of Allergy	Professor S Moitra Professor in Allergy & Immunology, Apollo Gleneagles Hospital, Kolkata
0910 - 1010	Rapid Fire	
	Anaphylaxis	Dr Rajiva de Silva Consultant Immunologist, Medical Research Institute
	Angioedema	Professor Chandima Jayewardenage Professor in Immunology, Allergy and Molecular Medicine, University of Sri Jayewardenepura
	Eczema	Dr Indira Kawahita Consultant Dermatologist, National Hospital, Colombo
	Allergic Rhinitis	Professor S Moitra Professor in Allergy & Immunology, Apollo Gleneagles Hospital, Kolkata
1010 - 1030	Food Allergy	Professor Neelika Malavige Department of Immunology, Allergy and Molecular Medicine, University of Sri Jayewardenepura
1030 - 1100		Coffee
1100 - 1210	Learning Allergy through Clinical Cases	
	Urticaria	Dr Dhamushka Dasanayake Consultant Immunologist, Medical Research Institute
	Food dependant Exercise-Induced	Dr Nadisha Badanasinghe Senior Lecturer, Department of Medical Microbiology, University of Kelaniya
	Anaphylaxis & Alpha-gal Syndrome	Professor Gunwati Liyanage Professor in Pediatrics, University of Sri Jayewardenepura
	Insect Allergy	Professor M T Krishna Chair of Allergy, Clinical Immunology and Global Health, University of Birmingham, UK
	Asthma	Professor Thushara Kudagammana Department of Pediatrics, University of Peradeniya
12.10-12.30	Introduction to Drug Allergy	Professor S Moitra Professor in Allergy & Immunology, Apollo Gleneagles Hospital, Kolkata
12.30-12.50	Penicillin Allergy	Dr A A Kapila Jayanath Consultant Family Physician, DGH Colaw
12.50-1.50	Learning Allergy through Clinical Cases	Dr Amila Danesh de Silva Consultant Paediatrician, RHL Embilipitiya
	Amoxicillin Anaphylaxis	Professor M T Krishna Chair of Allergy, Clinical Immunology and Global Health, University of Birmingham, UK
	NSAID-induced Allergic Reaction	Professor Thushara Kudagammana Department of Pediatrics, University of Peradeniya
	Non-immunological Reaction to Drugs	Professor S Moitra Professor in Allergy & Immunology, Apollo Gleneagles Hospital, Kolkata
	Delayed drug reactions	Dr Dhamushka Dasanayake Consultant Immunologist, Medical Research Institute
		Dr Chandima Ranasinghe Consultant Dermatologist, Infectious Disease Hospital
		Dr Nimali de Silva Senior Lecturer, Department of Medical Microbiology, University of Kelaniya
		Dr Tharindu Suriyappuna Senior Lecturer in Pediatrics, University of Kelaniya
		Professor Guwan Liyanage Professor in Pediatrics, University of Sri Jayewardenepura
		Dr Rajiva de Silva Consultant Immunologist, Medical Research Institute
1.30	Post-assessment MCQs	

## Regional Sessions Kandy

Kandy Regional Scientific Sessions, organized by the Sri Lanka College of Paediatricians in collaboration with the Department of Paediatrics – University of Peradeniya, were held on the 14th and 15th of July 2025. The Sessions for nurses and midwives were held on 14th July 2025 at Teaching Hospital Peradeniya and Sirimavo Bandaranayake Specialized Children's Hospital, respectively. The Doctors' Session was conducted on 15th July 2025 at the Oak Ray, Kandy.

## Guidelines on submission of articles for the SLCP NEWSLETTER

All communications should be addressed to the Joint Editors of the Newsletter, Dr Jagath Ranasinghe and Dr Asanga Rajapakshe.

Only electronic submissions to the following email address are accepted and no hard copies will be entertained as submissions.

Email: paednewsletter@gmail.com

Intellectual responsibility for pictures/articles submitted lies with the person submitting the pictures/articles and The Sri Lanka College of Paediatricians (SLCP) will not assume any responsibility whatsoever for them.

### Contents

- Cover Page/ Front Page

A photograph – Can be submitted by any member of Sri Lanka College of Paediatricians. It should be followed by the cover story not exceeding 150 words. A nature photograph/ a photograph of a college function will be accepted.

- Inner pages

You are kindly requested to submit articles under the following topics for the Newsletter in MS Word format. Tables and figures should be submitted separately. Pictures should be of high quality (at least 300 DPI).

Any article with an academic interest/ non-academic interest falling under following categories will be accepted. Maximum word count is 1000 for academic and 800 for non-academic articles. Only 2 pictures, photographs (300 DPI) or tables are allowed in one article.

### ARTICLES RELATED TO PROFESSIONAL DEVELOPMENT

- Review articles/ Review of a review
- Case History or Case Based Discussion
- Patient Story with a picture
- Young Paediatricians' Niche – Open only for Registrars and Senior registrars in Paediatrics and related sub-specialties, and writing on current practice of a common disease. This has to be a detailed and up to date narrative. It will be checked for plagiarism.
- Monthly clinical update
- MCQ corner

### ARTICLES RELATED TO PERSONAL DEVELOPMENT

- Non-technical article – An article on a song/ book/ painting/ cartoon/ movie
- Information Technology related articles
- Finance management
- Articles on any other topic of interest too can be submitted.

### ARTICLES RELATED TO UNIT/TEAM DEVELOPMENT

- New innovations in your unit/ any new developments related to paediatrics and child health by a paediatrician.
- Briefings on regional sessions held.
- Any other collaborative sessions related to paediatrics.

**Please submit the documents to paednewsletter@gmail.com with a cover letter.**

**Articles submitted before the 10th of each month will be considered for publication on that month's issue. Late submissions will be considered for the next issue. However depending on the availability of space and similarity of the articles they may be considered for upcoming issues.**
